

To our Valued Customers:

We at Cortland Produce, keeping up with our customers needs during Covid-19, have decided to resume Wednesday and Saturday deliveries to the areas that were receiving them in the past. This will take effect the week starting May 18th. Please keep in mind our next day order cut-off time of 5pm, so that we can ensure accuracy and quality with your orders.

In the local Cortland and Ithaca markets that were able to get an additional afternoon delivery, this will remain unavailable until further notice. Please contact your Sales Representative for more information or questions.

Thank you again for your continued support and stay safe!
